

It is an honor to have been elected Detachment Commander. I believe we have a great group of guys as officers and committee members.

I got the honor to visit Laredo TX for Legion baseball this year and throw a opening pitch. I did make it across the plate. But a little shy of the catcher.

Thanks to Mike Simons, the Department President, the Department Commander Gene. We had a great time. There was more there from the sons Rich Huntley, and Joey Bess. I stayed for First game and then was on the long road home. Thanks to Joey Bess from Squadron 208 for keeping me updated on every game.

I would like to congratulate League City on Winning the tournament. Way to go and good luck in California on the regional tournament.

If anyone would like me to be somewhere. Please email so I can make it happen.

Thank You

Detachment Commander
