

Another report, another #1 spot for the Southeast. Gentlemen, it has been an absolute pleasure to forward these reports out each week. Not because of how our region has done, but because of how the Sons have done as a whole. The message is clear,

THERE IS NO "US" WITHOUT "YOU"

Congratulations to each and every Detachment for their valiant efforts thus far. We have met EVERY target date, averaged 12,000 members ahead of schedule and have the opportunity to set another ALL TIME HIGH and possibly hit that magical 400,000 member mark.

Please remember that nominations for Squadron Commander of the Year are due by the opening of the Spring NEC National Membership Committee. Nomination forms, criteria and instructions can be found at
