

Time to share some more good Americanism info. Attached is this month's article with facts on our 10 Star / 5 Ideals program. If you have a young male in your family then, for starters, I'm sure he's enrolled in the Sons, and, I'm equally sure you want to instill the same values we share with love of country, our National heritage, and community service. That being said, I'm also certain 10 Ideals / 5 Star is something you want to look into and get involved in. There's also a bonus this month as I've included another article from your Americanism Commission that was written and submitted for inclusion in the National Newsletter regarding our U S Flag code. Enjoy and happy day! (Hope you remembered to pick up that card!)

In service to God and country,

Jim Borgman

Vice Chairman National Americanism Commission
