

Southeast Adjutants,

I am not sure what the delay is on getting membership reports generated, but here is the latest.

JOB WELL DONE!!

As a region, the SOUTHEAST has already surpassed our October 18<sup>th</sup> target of 25%, with Louisiana, Georgia, Alabama, North Carolina and Mississippi leading the way; Florida, Texas, South Carolina and Tennessee almost there and Arkansas, Virginia and Puerto Rico coming on strong. If you are having any issues with membership, please reach out. Also, a quick reminder that there is a Membership Meeting Tuesday at 8pm EST open to all for questions, comments, concerns or just to listen in.
