

Detachment of Texas

Commander's Travel Notes

November 27, 2022

To all proud possessors of a priceless heritage:

As Detachment Commander of Texas I and my wife received an invitation to attend an outstanding event in Houston, Texas.

For over 40 years, the American Legion Auxiliary Department of Texas has partnered with The University of Texas MD Anderson Cancer Center UTHealth Houston Graduate School of Biomedical Sciences to advance cancer research through the generous American Legion Auxiliary ALA Fellowship program.

There were twelve recipients, one at each table, and we got to interact with Shannon Hartzell, a fourth-year student in the Medical Physics Program. Shannon was extremely

impressive. The two doctors in charge of the program were also at our table.

The event was 1<sup>st</sup> class, the food was excellent, and the Fellows and invitees such as Myra Cooper, Holly Hatley, Brenda Towers, Teresa Copeland, Shay Kuehner, and Christine Trahan among others that so gracious in their reception to me and Judy.

Department of Texas ALA thank you for your steadfast partnership. Together you and MD Anderson will help advance the fight against one of the most challenging medical conditions of our time.

Honoring our priceless heritage

Clifton Guillory

Commander, Detachment of Texas
