

Congratulations to the SIX Detachments from the Southeast that have already surpassed the March 13<sup>th</sup> target!!

South Carolina, Florida, Louisiana, North Carolina, Alabama and Georgia....phenomenal job gentlemen. Virginia, Mississippi, Puerto Rico and Tennessee have made the February 14<sup>th</sup> goal while Arkansas and Texas are within 2%.

Nationally, we are almost 22,000 members ahead of last year's pace. Regionally, we are up over 5,800 members.

While we still hold on to 1<sup>st</sup> place, our brothers from the Central Region have closed the gap to a mere 2% and are well within striking distance. Let's get laser focused. Detachment Commanders and Adjutants, please reach out to your District or Section leaders for assistance wherever needed. Our mission is clear, the tools are available and WE can get this done. **T**ogether **E**veryone **A**chieves **M**ore.

As always, if there are any questions, comments or concerns  
...don't hesitate to reach out.
