

SAL Leaders,

Attached you will find the latest membership report. Once again, the Southeast Region is in **FIRST PLACE**, but the margin is down to a mere .6% If we want to be the first region to hold the top spot from wire to wire, there is some work to be done. **RENEWALS.....**Please remember that we can still **RENEW** members for the 2023/24 year up until December 31st!! I know that they are out there, you know that they are out there....what are we doing to ensure that no member is left behind??

The 105% target date is tomorrow and the report will determine your Detachment delegate strength as we approach our National Convention. Your delegate strength matters because each vote matters because.....

EVERY MEMBER MATTERS!!
