

December 20, 2007

On December 17, 2007, Santa Claus (Toby Thompson) visited The American Legion Post 267 in Marshall. Santa was there to visit with the children, adults, and instructors from the Sabine Valley MHMR Workshop. Santa visited and gave gifts to 40 children and adults from the workshop. Seven adult instructors also received gifts from Santa. The American Legion, The American Legion Auxiliary, and The Sons of the American Legion provided snacks and sandwiches and gifts, while Lonnie Duke furnished the music. For a heart warming and satisfying experience, this visit from Santa was very special. The students of the Sabine Valley MHMR had a wonderful time and the excitement they showed when Santa came in the door was a site to see. They danced and laughed and their excitement was rewarding. The American Legion Family at Post 267 hold this event every year at Christmas and look forward to it each year.

For God and Country
