

Fellow Members

As we wind up this epic journey I want to congratulate and thank all of you for your hard work and determination in securing your membership. However we are not finished and we have a ways to go, but time is running out and we must reach out to our brothers that have not renewed.

I am a bit concerned about those few Detachments that have yet to reach the 85% of membership target number. Are you reaching out, or have you given up? Remember those four key words from our Pioneering Spirit membership theme; Courage, Faith, Teamwork and Perseverance!

I have Faith that you will succeed!

Pursue Excellence

Respectfully
Danny Smith
NC
