

I have attached a few different documents. We have an updated CWF report. We have reached over \$64,000 national. As a region we have \$3,160.27 with only four detachment reporting donations. Let's keep up the work. We have a long way to reach the \$500,000 goal.

From Seth Rippe, Chairman of Public Media and Communication

[Seth has] created a [Google Calendar](#) that contains all the Regional Calls and the Commission/Committee calls. (Click on link to view calendar)

Lastly but most important are reports on squadrons from last year, Renewals and Membership. USS Mid-West has hit a large wave stalling out one of our engines. As a region we are still sitting at 20.58%. We have only three detachments that achieved (overachieved) the 25% goal. We have four other detachments knocking on the 25% goal. Let's keep up the good work and get the steam rollin' again.

Chris Cook

National Vice Commander - Mid West

"Serving Those Who Served... Full Steam Ahead"
