

Subject: National Membership Dues

Gentleman,

I received a email from one of our Detachments members about the raise in National dues from \$2 to \$5. We all know that it was passed at National Convention in Indianapolis in 2019. I have included a copy of the resolution with this email. The final resolves states that any membership transmittal received after June 1, 2020 will incur the increase to \$5. This includes, because of wording, 2020 membership transmittals. It was discussed shortly on our Regional call, which National Membership Chairman Navarrete said he will look into it. He did do so and sent out the information with the copy of the resolution, stating 2020 membership sent in after June 1, 2020 would be \$5.

I hope this helps in the explanation to our Detachment membership.

Juan Torres

[Membership Dues Resolution](#) that was passed last August at the 48th National Convention
