

Midwest Fox Squad,

Before I get any emails yes there are a lot of attachments. This is all information coming out of National that should be getting out to your Detachment Squadrons not just stopping at the Detachment level. It is our RESPOSIBILITY to get this to them or we ar failing our organization. As National Commander Fox's slogan says:

Leadership through Action, Not through Position.

Among the many attachments is the latest membership report as of October 28, 2021. As a region we are sitting at 29.51% and Nationally at 26.19%. As we enter November it becomes urgent to get membership in to have our Detachments and region hit the 35% target due November 10. We have South Dakota, Oklahoma, Montana and North Dakota already passing the 35%. Texas at 32.28% and needing 148 members to hit 35%. Nebraska at 30.68% and needing 301 members to it 35%. Wyoming, Kansas and Colorado making their way sitting above 20% and then New Mexico following with 14.16%. If you are under 35% at this time then you know you have work to do. Detachment Commanders, Adjutants and Membership Chairman show why you are leaders of your Detachment and make those calls or visits. We cannot not get our members to renew if we do not show we care.

By National Convention we should be #1 in MEMBERSHIP

I have also included the VE&E weekly update. There is a lot of good information there and they also sent out the Homeless Veteran Stand Down events thru Feb. 6. You can view the CWF contributions already collected as of Oct. 28. Please be advised reports may not be current to what you have. Also, of course the various rewards forms that we need to get to those members who qualify to fill out and send in.

So far this has been a great year. I personally want to thank each of you for what you are doing. Just remember we have a lot of work to do. Lets not stop now.

For God and Country,
Juan R. Torres
National Vice Commander
Midwest region 21-22
