

Midwest Fox Squad,

First prayers go out to those effected by the Devastating Tornados this past weekend. This should help us remind our members that if they are not current in membership for the current year then they would not qualify for NEF.

Thank you for all your hard work in Membership. As a region we sit at 46.09% as of December 9,2021. 45% target date was moved to December 15 and we Texas needing 134 members and Mexico needing 1 to get to 45%. South Dakota, Oklahoma, North Dakota, Montana, Nebraska, Wyoming and Kansas have already exceeded the goal. Colorado and New Mexico have a lot of work to do.

Also included is the weekly VE&E Report. Some good information in it so please read.

For God and Country,

Juan R. Torres
National Vice Commander
Midwest 21-22
