

USS MIDWEST,

As Many of you know our 80% target date passed on March 10. As a region we failed to reach 80% ending at 74%. We have Texas, Mexico, Colorado and New Mexico all under 60% holding us back. Hopefully with Texas beginning the opening process we will see a big jump in membership, due to many Posts being closed. New Mexico does their usual slow start but at 37.06% its tie to start the push in membership. Mexico jumped in there quick with their 40 members but decided to disappear because no information due to no Detachment Certification of Officers. Colorado must just be hanging around but time to push membership before its to late. Kansas just missing the 80% by 0.49% falling 33 members short to reach goal. Detachment Commanders lets hit those phones and reach out to the Squadron Commanders.

South Dakota	130.67%
Montana	88.53%
Nebraska	86.19%
Wyoming	85.39%
Oklahoma	84.10%
North Dakota	83.83%

Thank you to the above Detachments for doing all they can to help our Region and our Organization. It takes the work of us all to achieve our goals. Special thanks to South Dakota for already going above and beyond their membership goal for this year. Lets keep this going.

As a region we are at 68.19% as of March 8. We must not forget our members from 2020. Lets stress the importance of being a member in good standing. The benefits of that come with being a member in good standing. Also let them know as many of our members like is that they will lose

their continuous years if membership is not paid. yes it is always good to recruit new members but it is always good to retain our current. Lets get out there and remind everyone why we are the best Organization around.

For God and Country,

Juan Torres
