

USS Midwest,

MEMBERSHIP MEMBERSHIP MEMBERSHIP

As many of you can see membership is not doing very well. We are 8 days away from our target of 80% due on March 10. As a Region we are at 70.88% in membership and 67.14% in Renewals. South Dakota, Montana, North Dakota, Wyoming, Nebraska and Oklahoma have all achieved this goal. Kansas is 135 members short of hitting 80%. Of course, our 4 Detachments, Texas, New Mexico, Mexico and Colorado have major work to do. Hopefully know that Texas is starting to roll out a full opening across the state starting March 10, they will start to make a major gain in membership. Please continue to do your buddy checks. I Will see you tonight on our Regional Conference call.

I have received Individual Recruitment Award forms from the Detachments. I have sent them in and awaiting verification. Once I receive verification I will send out Pins.

For God and Country,
