

USS MIDWEST,

Membership is a key part of our organization, which many in our Detachments like to keep up with. With Covid and the new SAL.Org site the reporting has been slow. Unfortunately, I was unable to send out the July 13 report as I had seen it to late. I am sending you the July 22 updated report. At this time as a region we are at 90.94% in membership. We have the Detachment of South Dakota at 145.65% which has already surpassed our 105% target date due tomorrow, 07/28. Hopefully we will see some changes in the next couple of days. Oklahoma and North Dakota both sitting over 100%. Montana, Wyoming, Nebraska and Kansas 90% and above. The Other Detachments have some work to do before 12/31/2021.

I have sent out Individual recruitment pins to those who have sent them in and were verified. I know I am still receiving them as I got on recently. If you sent yours in before June and did not receive a pin please let me. I will be sending out some this week that I received recently.

For God and Country,

Juan R. Torres  
Membership Committeeman-Midwest  
2020-2021
