

Midwest Leaders,

Great Job! We are still behind the South but we gained a little ground on them. South Dakota has taken over the lead in the Midwest. With the recruiter of the year, I'm not surprised. Good Job Casey and Team. Oklahoma is right on their heels. I know they have a great team in Oklahoma, and I'm not talking football! We are close to that 35% target. We can do it with your help and all of your hard work that has been displayed thus far. Thank you.

On a personal note, I watched a Video this past week that I'm sure many of you watched. Many of us have lost our fire. We have forgotten our mission. We have forgotten why we are here. I am a Proud Possessor of a Priceless Heritage. Membership in the Sons of The American Legion is a privilege. My Mother and my Father earned the Privilege for me to be a member in this great organization. I do my best to honor our veterans in the name of my parents. Many of you still have your fires lit. Remember why we all do this.

"BE THE ONE"

Terry Harris
