

Midwest Leaders,

As long as I get them, I will send them. We made a little movement toward the next target date. Great Job! The South and the West are still doing their thing and keeping in the top 2 positions. We can do it, just need to get our membership plans in place. Please let me know what your Detachment has planned to reach your goals. I'm anxious to hear your ideas. Always remember, I am here to help you and I hope you are all here to help as well. Working together we can make a lot of great things happen.

Thank you for what you do! Please don't forget: BE THE ONE

Terry Harris
Midwest Region
Membership Chairman
