

Midwest Foxsquad,

First let me apologize for neglecting my duties all week. I had some family issues that needed taken care of and mixed in with kids softball and baseball kept me busy.

I would like to congratulate South Dakota, North Dakota, Mexico and Nebraska all for hitting the 90% target by April 13. Wyoming barely missing by 9 members. As a Region we missed the 90% as we sit at 87.48% and last place of all the regions. Honestly, this is unacceptable as we should not and cannot use Covid as an excuse anymore. Through emails and other ways I have seen many Squadrons have been having functions and meetings on the various levels of their Detachment. It is now time for us to get to work and bring back our members to this organization. I know the drive for membership can be done as I have sat on many committee/commission and region calls and listened in and here what they say they are doing. Lets get to 100% membership as a region by Convention.
