

Midwest Leaders,

Do you realize that the Midwest Region only needs 6,877 more members to reach 100%? Sounds like a lot, doesn't it? That's only 625 members per Detachment. Kansas, Nebraska, and Texas need to just keep working. Those are our larger Detachments and should be able to fill in a lot of those members to get our region to that 100%. We all just need to keep plugging away and contact those in our Detachments and see what's going on. I have no doubt that we can do this. We are sitting in 4th place still with the West creeping up on us. I'm pretty sure NVC Michael doesn't want to finish in 5th place.

Now looking at the membership report we have 7 Detachments that have already reached the 75% goal. North Dakota is close with Texas, Wyoming and New Mexico needing a bit of work. I do appreciate all of the hard work each and everyone of you have put into this membership year. I've looked at the previous year and we are really doing well as a region. Let's get out there and shake the trees and rattle the bushes and see how strong we can finish. Again, Thank You!

Remember, you can make a difference
