

Gentlemen,

Please forward this to your contact lists as it contains valuable information

Here is the latest membership report, and as you can see, not only has the Southeast Region exceeded the November 15th target of 35%, we are the only region to have EVERY DETACHMENT above the mark. This is all due to YOUR hard work. Let's get recognized for the effort!! Attached you will find links for the **Individual Recruitment Award** (pins) and **Blue Brigade** (custom jackets) forms as well as the **Recruiter of the Year** award (custom garrison cover).

Last year, our region fell well below the national average for these recruiting awards, let's remedy that. It's not about the recognition, it's about proudly displaying the IRA pin or Blue Brigade jacket so that it may peek some interest in fellow members wanting to know..."What is that and how can I get one?" This is how we grow membership!! Again, CONGRATULATIONS to each Detachment in our region for their contributions. As always, please reach out with any questions, comments, concerns or suggestions.

MEMBERSHIP is EVERYONE'S RESPONSIBILITY
