## Together we are Making a Difference

Our recent National Executive Committee meeting highlighted several exciting milestones for our organization. Membership continues to grow, reflecting strong engagement. We are nearing a historic milestone in membership ... 400,000 members. This achievement reflects the dedication and passion of our community, and it signals the growing impact of our mission. With continued support and engagement, we are on the verge of making history together for another year in a row. We were also proud to report that donations supporting our programs exceeded \$75,000 in a single weekend - a remarkable show of generosity that will directly impact our mission. Additionally, we reaffirmed our commitment to training and development, ensuring that our members are equipped to lead and serve effectively.

Facebook Photo: American Legion Lenoir Post 29—National Oratorical Competition

I recently had the profound privilege of participating in two events that deeply reflect the values of service, sacrifice, and patriotism. As a judge for the American Legion National Oratorical Contest was an inspiring experience. The contestants delivered thoughtful, passionate speeches about the Constitution and the core principles of American democracy. Their insight, preparation, and conviction reminded me that the future of our nation is in capable hands. It was an honor to support these young leaders as they carried forward the legacy of civic duty and public service.

I also had the honor of laying a wreath at the Vietnam Veterans Memorial, a solemn act of remembrance for those who gave their lives, and a tribute to those who returned home without the recognition or respect they deserved. Laying a wreath at the Vietnam Veterans Memorial on Memorial Day was a deeply humbling experience. It was an opportunity to honor the courage and sacrifice of those who served, especially the men and women whose names are etched on the Wall. This moment also served as a powerful reminder of the injustices many Vietnam veterans faced upon returning home. We remember not only their service, but the strength they carried through times of both war and neglect. Honoring our heritage means acknowledging all aspects of that service, especially the sacrifices that went unrecognized for far too long.

As we look ahead, preparations are well underway for our upcoming conventions—important opportunities to come together, share ideas, and strengthen our commitment to the values we uphold. With continued unity and dedication, we will build on our momentum and ensure lasting support for our mission. **Together, we are making a meaningful difference.**

### From Memorial Day to "America 250"

To quote President Abraham Lincoln, *"we here highly resolve that these dead shall not have died in vain, that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth."*

Much of this month's newsletter highlights President Lincoln's sentiments about what would become Memorial Day. Sons could be seen handing out poppies, placing flags, being part of parades and BBQ's, and hosting events which honored our fallen heroes.

That is one of the "Four Pillars" after all - **Americanism**. We stand here as "male descendants of veterans of all wars" making a solemn pledge to "safeguard and transmit to posterity the principles of justice, freedom, and democracy."

You see, the preamble we read at every official event isn't just something we're supposed to do as a part of a script on how to run a meeting, it outlines each and every reason why we as Sons of The American Legion exist.

We just completed a month of honoring serviceman past and present, and now moving into June and July we focus on that pillar of Americanism and the words in that preamble. Once we move past Independence Day on the 4th of July, we become an amazing part of American history ... **"America250."**

What an incredible time to be alive—to see the 250th birthday of this nation!

04 July 2026 marks the 250th anniversary of the signing of the Declaration of Independence, and the birth of a nation. An opening of sorts of the America 250 celebration began in April. Per National Headquarters, "Two Lights for Tomorrow call[ed] for the display of two lights on the evening of April 18 ... commemorate[ing] the night of April 18, 1775, in Boston when silversmith Paul Revere rode to Lexington, Mass., warning minutemen and households about the approach of British forces."

So over the next few months—perhaps starting with Flag Day on 14 June, we can all start planning on how to celebrate this amazing milestone in our collective history. Stay tuned to *The Millennium* for more!

### Everyday is Memorial Day

Memorial Day is a day that many say is celebrated only once a year, but I say it differently. Every time I put my cover on it is Memorial Day for me. I remember the stories my grandfather used to tell me and how important it was to make sure that veterans are taken care of because if we do not do it as an American Legion Family, then who will.

We all wear an SAL cover because of someone else who took an oath to defend our country and would give their life to do so. So, when I put on my cover I am reminded of my grandfather and his service to this great country. They deployed to places that many never heard of and for some, it would be the last place they ever saw. So we owe it to them to always remember them and celebrate their memory everyday as it is Memorial Day.

From the trenches of France to the beaches of Normandy, to the Battle of the Bulge, to Guadalcanal, to the sands of Iwo Jima, to the "Frozen Chosin" of Korea, to the jungles of Vietnam, and to the desert of the Middle East, and mountains of Afghanistan, we don't know them all, but we do owe them all. That is why we are "Proud Possessors of a Priceless Heritage" as "male descendants of all the wars." We must carry on their memory, and continue to serve our veterans. If not us then who, and if not now, then when ... so wear that cover proudly, tell your veteran's story, and honor them everyday as if it was Memorial Day.

### Your CSR is important

Each year, Sons of The American Legion squadrons around the world dedicate countless hours to service, fundraising, and positively impacting the lives of veterans, their families, and children. These efforts are a vital part of our mission, and deserve to be recognized and celebrated. To ensure that every hour of service and every achievement is properly acknowledged, it is essential that all squadrons, districts, and detachments accurately and thoroughly complete the Consolidated Squadron Report (CSR) form. This report is more than just a summary—it is a vital record of the dedication, hard work, and commitment of our members. Beyond serving as a historical record, the CSR plays a key role in determining eligibility for awards presented at the National Convention. By carefully documenting all activities and accomplishments, squadrons can significantly increase their chances of receiving national recognition for their outstanding contributions. Let's make sure that every effort is counted. Submit a complete and detailed Consolidated Squadron Report and help

shine a light on the incredible impact our members make each year.

### Florida Post Family helps Post 158 rebuild after 2024 Hurricanes

American Legion Post 158, a steadfast refuge for veterans and a vibrant gathering place for the Treasure Island, FL community, had suffered devastating damage from Hurricanes Helene and Milton in 2024. These storms had left this historic post in disrepair, erasing decades of cherished memories and disrupting the vital support provided to veterans and their families.

Facebook Photo: Post 158

Thanks to early efforts, they completed the removal of damaged materials, including the entire floor. Over the past few months, they embarked on the next stage: working with a contractor to develop detailed reconstruction plans, securing city approval, and navigating all permit requirements. This crucial step will lay the foundation for rebuilding Post 158 stronger than ever.

The Legion Family of Post 305 of Saint Pete Beach, FL ran a fundraiser and BBQ to help rebuild 158—bringing to life our commitment to mutual helpfulness.

## Snapshots of Service Awards

There are new deadlines for the national media contests, Snapshots of Service and Videos of Service. At the Spring NEC May 3rd to May 4th, two resolutions passed regarding the two contests, Snapshots of Service and Videos of Service. The new deadline for each is now June 30th of each year effective June 30th, 2025. The contests now run from July 1st to June 30th. This change was needed to allow National Staff time to get awards ordered and delivered in time for the National Convention. As you read this article, you will only have a few weeks left to get your submissions in.

Millennium Photo: Last year's Americanism Snapshots of Service Winner from Squadron 279 in Kansas

Snapshots of Service photos must represent one of the Four Pillars: Americanism, Children and Youth, National Security and Veterans Affairs and Rehabilitation. Your photos need to be submitted in digital JPG or TIF format. Submissions also will become the property of the SAL; must not have a right of restriction; must contain Sons with their covers or identifiable clothing on during the activity or event and a brief history of the event. Entries must be submitted from a squadron, and submissions must be from the current time period. Please remember only 3 photos per submission, you can make as many submissions as you want. First and second place will be awarded in each category during the National Convention. Don't forget to include your signed model release forms.

Videos of Service is our newest contest to bring awareness to the public about The Sons of The American Legion using social media platforms. This is also open to all members of The Sons of The American Legion and though it's similar to the Snapshots of Service this contest uses published social media content and a link must be submitted along with the contest form. The videos must contain the

SAL member or members with their covers or branded identifiable clothing on during the activity or event and fall under one of three categories: Program support, Community engagement or Membership and Recruitment. Plaques will be awarded during the National Convention to the 1st and 2nd place winners in each of the three categories for a total of six (6) awards.

## Butch's Bullet Points

*"That road to V-E Day was hard and long and traveled by weary and valiant men. And history will always record where that road began. It began here, with the first footprints on the beaches of Normandy."* — President George Bush, on the 60th Anniversary of D-Day

My fellow Sons!

Have you looked at your 2025 calendars yet?? 2024 is a distant memory and we are now 1/3 of our way through 2025! Time certainly does fly!

So here we are at the very start of the month of June 2025! This month can mean many things to many people. The official start of summer now that most school years have been completed. The flowers, fruits and vegetables in our yards and gardens are taking shape. Most of the Spring rains are over with and we can now head to pools and beaches and work on our summer tans (Farmer or otherwise!)

Eighty-one years ago, the month of June had a completely different meaning. On that day, the combined forces of the Allied command of World War II opened and walked through the door of what Hitler called "Fortress Europe!" It was a costly visit!

It is estimated that over 10,000 troops were either killed, wounded or turned up missing in a single day. Freedom is NEVER free! Please pause again, just as we all did a couple of short weeks ago on Memorial Day, to remember the true cost of our liberties

and of those service men and women that gave the last full measure of devotion and sacrificed their lives so that we may enjoy the lives we have.

*"The trouble is, you think you have time!" - Buddha*

In thirty short days it will be July! So why is that important? July 1st is the official start of the 2025-2026 membership year for the entire American Legion Family. The bad news is that time flies. The good news is that we are the pilots!

So start today and collect the membership dues for the new administrative year. Imagine what it would feel like if your Squadron and/or District was at 100% in membership by October 31st! Wouldn't that be GREAT! That would give each of us 8 months to sign up new members and reach another milestone for the Sons of The American Legion!

What an honor it would be to the individual you received your eligibility to join the SAL from by reaching 100% in membership early! The work and dedication we do to support our veterans, our children and our communities is a testimonial to their service! When we fulfill the mission of the Sons of The American Legion and the entire American Legion Family we re-enforce their service, their memory, and their sacrifice!

For the 2024-2025 membership year we have just over two (2) months to renew and/or sign up 14,939 members to reach our 400,000 member goal by August 20th and sail into Tampa Bay at our National Convention with a new ALL TIME HIGH!

*"There is never enough time to do everything, but there is always enough time to do the most important thing!" - Author & Motivational speaker Brian Tracy*

Let's honor those that stormed the beaches of Normandy. Let's honor the service of our ancestors. Let's honor our "Proud possession of a Priceless Heritage!" and reach this goal!

## REMEMBERING D-DAY

**JUNE 6, 1944**

JUNE 6TH, 1944 IS THE DAY THE ALLIED FORCES PRIMARILY FROM THE UNITED STATES, CANADA AND THE UNITED KINGDOM LAUNCHED THE NORMANDY LANDINGS, ALSO, KNOWN AS D-DAY. THIS AMPHIBIOUS INVASION, PART OF OPERATION OVERLORD, WAS THE LARGEST NAVAL, AIR AND LAND OPERATION IN HISTORY, AND IT MARKED A PIVOTAL MOMENT IN WORLD WAR II.

AS WE REMEMBER THE OPERATION ON THE 81ST ANNIVERSARY OF D-DAY, REFLECT ON THE YOUTH OF AMERICA AND THE BLANKET OF FREEDOM THAT WE LIVE IN TODAY. IT WOULD NOT BE POSSIBLE WITHOUT THE SACRIFICE OF THESE HONORED SOLDIERS.

## Luke Wheeler, Virginia

*"We're all very proud of Luke, as I'm sure you can tell."* Those were the sentiments of Richard M. "Dick" Cole, Historian, Public Relations Officer, and Editor of the Department of Virginia's "News and Views." He sent along quite a few photos of 8-year-old SAL Luke Wheeler.

*Photo by Dick Cole:* Squadron 284 Sergeant-at-Arms 8-year-old Luke Wheeler, grandson of outgoing Post 284 Commander Tonya Meunier, pins his grandmother with her Past Commander's lapel pin during the Post change of command ceremony.

Representing the Post during the presentation of the American Legion Bronze Scholastic Excellence Award to Cadet Capt. Ivette were Post 284 Commander Tonya L. Meunier, Luke Wheeler; and SAL Squadron 284 Commander and Post 284 Americanism Chairman Jim Rovinski.

These patches are earned in categories of leadership, physical fitness, civics, community and family safety, community service, education, membership, technology, veterans affairs and rehabilitation, the Poppy and Americanism. The goal of the program is to instill the value system of serving others. Wheeler was awarded six — Americanism, community service, community and family safety, digital technology, fitness, and Auxiliary membership.

### The 13 Folds

Flag etiquette dictates that every time an American flag is to be stored or presented during a ceremony, its handlers should fold it in half twice lengthwise; then starting with the end opposite the blue field, make a taut triangular fold. Handlers continue to fold the flag in triangles until the flag has formed a triangular "pillow" with the blue field showing on the outside. It's a dignified way to treat the flag, and gives a powerful touch to patriotic ceremonies.

This 13-fold procedure was common long before the more modern assigned meanings. The source and date of origin of the meanings is unknown, but for those who participate or witness a formal flag folding ceremony, whether it be on Flag Day, Memorial Day, July 4th, Veterans Day, or at a military funeral, the 13 meanings can create an uplifting experience.

#### This is what the 13 folds mean:

The first fold of our flag is a symbol of life.

The second fold signifies our belief in eternal life.

The third fold is made in honor and tribute of the veteran departing our ranks, and who gave a portion of his or her life for the defense of our country to attain peace.

The fourth fold exemplifies our weaker nature as citizens trusting in God; it is to Him we turn for His divine guidance.

The fifth fold is an acknowledgement to our country, for in the words of Stephen Decatur, "Our country, in dealing with other countries, may she always be right, but it is still our country, right or wrong."

The sixth fold is for where our hearts lie. It is with our heart that we pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

The seventh fold is a tribute to our armed

Legion.org photo

forces, for it is through the armed forces that we protect our country and our flag against all enemies.

The eighth fold is a tribute to the one who entered into the valley of the shadow of death, that we might see the light of day, and to honor our mother, for whom it flies on Mother's Day.

The ninth fold is an honor to womanhood, for it has been through their faith, love, loyalty, and devotion that the character of men and women who have made this country great have been molded.

The 10th fold is a tribute to father, for he, too, has given his sons and daughters for the defense of our country since he or she was first-born.

The 11th fold, in the eyes of Hebrew citizens, represents the lower portion of the seal of King David and King Solomon and glorifies, in their eyes, the God of Abraham, Isaac, and Jacob.

The 12th fold, in the eyes of a Christian citizen, represents an emblem of eternity and glorifies, in their eyes, God the Father, the Son, and Holy Ghost.

The last fold, when the flag is completely folded, the stars are uppermost, reminding us of our national motto, "In God We Trust."

Sons of The American Legion,

We have been doing great for 2024 - 2025 membership year! To be elected as your national commander has been a fantastic honor. It has been amazing to tell the story of my family's history with The American Legion and "*Dios Pais Familia*" which stands for God, Country, and Family. That is what the Sons of The American Legion should be all about. As we sign the membership paper or even sign up new members, it is a commitment to pay respect to our family member's service in our military.

I believe in the Four Pillars of our organization and what they stand for. The American Legion was built believing in Veterans Affairs & Rehabilitation, Americanism, Children & Youth, and National Security. They are the core beliefs of what the American Legion Family stands for. I have continued what PNC JR Hall started: the commander's challenge to all Squadrons to support the Four Pillars and become a National Four Pillar Squadron.

All you need to do is raise one dollar per member in each area below:

- **Child Well-Being Foundation** [ Children and Youth ]
- **Operation Comfort Warriors** [ Veterans Affairs and Rehabilitation ]
- **Department's Boys State program** [ Americanism ]
- **Hold a blood drive, or donate to your local Red Cross** [ National Security ]

You will then receive an award for being a National Four Pillar Squadron. That is pretty easy to do if we plan and work to get it done.

The Sons of The American Legion can reach new heights and crush our records for hours volunteered and donations. It will take all of us working and believing in our work to help our veterans, children, and community. Let's stand for what is right and show that our family's service is worth all of us being the best Son we can be! **BE THE ONE** in more ways than one.

Respectfully,

NATIONAL COMMANDER  
SONS OF THE AMERICAN LEGION

Joseph Navarrete

### Cookies for Vets

For the fourth year in a row, the Sons of The American Legion (SAL) Detachment of New Jersey has run the very successful "Cookies for Vets" program, delivering Girl Scout cookies to "make our veterans lives a little sweeter."

The Detachment, or state-level SAL organization in New Jersey, this year donated \$2,264 of cookies to both the Lyons and East Orange VA Campus', through it's Children and Youth

Commission. 348 boxes – or 32 cases – of Samoas, Tag-a-longs, Thin Mints, and Trefoils made their way into the hands of our hometown heroes undergoing care at the two facilities, going a long way to fulfill the SAL's commitment to two of the American Legion's "Four Pillars".

*Submitted Photo: Rusty Myers and Young Son Jake Myers at the East Orange VA dropping off cookies*

Funding for this project comes from donations from across the state and begins in November. The cookies get purchased in February, and are delivered in April, which is Amer-

ican Legion Children and Youth Month. This state-level project is part of the Sons of the American Legion's commitment to two of its core pillars – Veterans Affairs and Rehabilitation, and Children and Youth. From fundraising and buying the cookies, to having the Scouts and Young Sons deliver them, to the vets getting a surprise tasty treat, this project embodies the spirit of what the Sons of The American Legion is here for.

"This project is something near and dear to my heart," said Children and Youth Chairman Rusty Myers. "It is just a small way we can say thank you to our vets – and let them know we're thinking about them."

A few days before Easter, the cookies were dropped off by a Girl Scout from Troop 20122, and a Young Son from Belleville Squadron 105 – plus adult members of the Scouts and the Sons.

"We believe that through an organization such as the Girl Scouts we can achieve greatness and teach leadership, courage, and kindness" wrote East Orange VA Executive Medical Center Director Patricia O'Kane in a letter to the SAL. "It is through efforts of community partners like you that allow us to continue the quality care and services that we seek to provide for our veterans."

## Squadron 1080 and their Flags of Honor

Photo: Squadron 1080

Squadron 1080 in Mahopac, NY noted their appreciation of AM-Radio's WJOL participation in their Flags of Honor project. There were 63 flags sponsored this year.

SAL Commander Jim Heckler said, "I encourage you to stop at American Legion Post 1080 on Ingalls and walk through the display. I hope that next year will bring us more flags and some first responders."

## Sons "rescue" flags in Utah so that they can be honorably retired

Facebook photo

Forty tired American flags were found improperly disposed of in a local dumpster. A patriotic member of the community called the commander of Squadron 11 (Vernal, UT); he went immediately to the dumpster, and asked the grandparents of two five year-old boys who were there if they would climb in the dumpster and help rescue them from an improper burial.

Each year, the Post facilitates a community flag retirement ceremony on Veterans Day. For the last 30 years, Ken and Marty Kay have been collecting tired flags with a drop-

Facebook photo

box in the front of the local Elks Lodge. The American Legion placed a dropbox in front of White House Academy as well, and the students there were shown how to fold the flags to prepare them for retirement.

After these rescued flags had been deposited in the dropbox, they were respectfully folded as they waited for Veterans Day to be retired. The annual community Veterans Day flag retirement ceremony is held each year at noon on Veterans Day at the Uintah Conference Center.

Each flag is unfolded and held up with the stars to the east, given a moment of silence and respectfully placed on the flames while right hands are held over our hearts with another moment of silence. For the last three years hearts have been touched and veterans have been shown respect and appreciation for their service through this ceremony.

This shows how important it is to talk to your family and friends about Flag etiquette and ways to properly dispose of flags.

## Squadron 347 supporting their Florida community

Supporting Special Olympics has long been a part of what the Legion Family does at Post 347 in Lady Lake, FL.

But this spring, members of Squadron 347 took the opportunity to do more than just

hand over a check.

"I had never actually volunteered for an actual event; you know, we raise money all the time and we present the check, and that's fine, but we never actually got involved in the event," Squadron 347 Commander Danny Roe said.

When Denise Breneman, director of civic partnerships and events for the Special Olympics of Florida, mentioned the program would need help at the Special Olympics Equestrian and Corn Hole events in Ocala, Fla., in March, Roe and other SAL members saw an opportunity to give back in a different way.

"We thought, 'Well, might try to get some people together to do that.' We probably took seven or eight people up there. It was very worth the time, just to see these kids actually have something and actually earn trophies. ... It was a lot of fun," Roe said.

The squadron also donated \$8,000 this spring to Florida Special Olympics, bringing the total over the last five years to over \$28,000 in donations to the program.

"We've been supporting Special Olympics for as long as I've been here," Roe said. "I think a lot of the guys in the past have really been supportive of Special Olympics and their events. They used to do a bowling thing every year and a lot of Legion people would volunteer for that. ... They've always been one of the big ones we try to support every year. In this case, we had a dance and the profits from that, and we had a fireworks display that we do, and we have a local restaurant that will allow us to sell wristbands—they have a beach on a lake, then they have a fireworks display out there, and we sell wristbands and they give us half the money of that. And then we donate that back."

Special Olympics isn't the only benefactor of Squadron 347's efforts, as they've raised money for the Fisher House in Gainesville, FL.

"Obviously it makes you feel good that you're out there supporting the community. ... I didn't have the honor of serving (in the military), I'm here because of my father, and so the Sons allows me to give back and contribute in a different way. My father contributed his time in service. We contribute time in supporting the community," Roe said.
